

Remarks

Applicant appreciate the Examiner's examination of this application and the indicated allowance of claims 8-20. Additionally, the Examiner has indicated that claims 1-7 are objected to but would be allowed if the objections are overcome. Applicant has amended claim 1 to overcome these objections. As such, Applicant believes that claims 1-7 are also in condition for allowance.

Applicant has amended claims 37 to place the claim in independent form in accordance with the Examiner's statement that such a claim will be allowable. Claims 35, 36 and 38 have been amended to depend from claim 37. Applicant believes that these claims are now in condition for allowance. Applicant has cancelled claims 21-34 and 40-41 without comment and without prejudice subject to reinstatement in a continuation application.

The status identifier for claims 40-41 is part of this amendment. It was missing from the prior amendment filed June 30, 2005 BUT clearly identified in the preceding paragraph of this Remarks section, which is identical to the Remarks section as sent June 30, 2005.
